

Illuminate View Recordings Quick Start Guide

Logging In

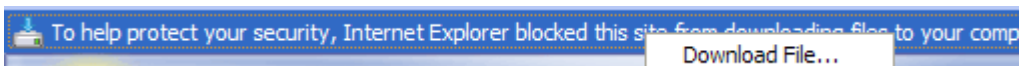

- Before the first session go to <http://www.illuminate.com/support> to download plug-ins.
- Go to <http://illuminate.gavirtualschool.org/testing/> for all sessions and recordings.
- Click on the Recordings Tab
- Select the date of your session on the calendar. If you do not know the date of your session, click on the links for **This Month**, **This Week**, **This Year** or click on the arrows to view entire an entire month of training.

- Select the name of your session recording.

- On a PC, you will get a yellow bar at the top of your browser. Click on the bar and select **Download File**. On a Macintosh, you will receive a prompt to click **Open with Java Web Start**.
- Click **Open**

- The session will download and start automatically. Use the buttons at the bottom of the screen to move through the recording at your own pace.

- Often times the recording starts before the presenter begins and there is some dead space that you can fast forward through.
- You will receive all multimedia, recording, participant interaction and downloads from the session within the recording.
